

Mobile Laptop Cart

Adjustable Standing Platform

Our Mobile Laptop Cart helps you use your laptop on the go, be it in the office, hospital or schools. It is fully adjustable from a sitting to a standing position with a large enough workspace. A durable base with heavy duty castors ensures smooth usage over long periods.

SKU : C008P

★ **Maximum Stability** ★ **Height Adjustable** ★ **Durable Base**

Product Benefits

Adjustable Height

Our mobile laptop cart allows the user to adjust the height of the worksurface, ensuring comfortable usage over long periods be it sitting down or standing up. This makes it suitable for schools, offices and hospitals.

Sturdy and Durable Base

The base of our mobile laptop cart is made from polypropylene which makes it extremely sturdy and durable. Fitted with 3 heavy duty lockable castors, the base ensures a smooth movement and no possibility of tilting over.

Easy to assemble

Designed to make assembly easy, anyone can assemble our mobile laptop cart without much difficulty. A user manual is provided.

Retractable mouse pad and cup holder

A retractable mouse pad is provided to give the user a comfortable working experience without compromising on the space of the worksurface. To prevent drinks from tipping over while moving around, a cup holder is included.
